

Looped

Design and pattern by Lynne Barr

FINISHED MEASUREMENTS

Approx. 1" width x 7" circumference

Bracelet stretches over your hand.

YARN

Noro Kureyon Sock Yarn (70% wool, 30% nylon)

422m(462 yards) / 100 grams);

1 ball makes dozens of bracelets.

NEEDLES

2 double-pointed needles size US 0

1 size 3/O crochet hook

GAUGE

9.5 sts/11 rows/1-inch in K1, P1 Rib

Gauge is not critical for this pattern.

BRACELET

This is a simple pattern, with a delightful result, that offers a great way to use up bits of leftover sock yarn. It's easy to adjust the size, in both width and length. For a wider bracelet, just add stitches in two-stitch increments and adjust the interlock in the horizontal direction to midway or slightly less, within the new width of the band. The length adjustment will be obvious in the pattern.

CO 12 sts.

Row 1: Slip 1 stitch knitwise, p1, [k1, p1] to end.

Repeat Row 1 until bracelet measures about 7³/₄" in length, or until bracelet wraps around wrist with an inch overlap.

Interlock the Ends

Interlocking the two ends joins the band into a circle.

1) With WS facing and attached yarn on the left, slide knitting to the right side of the needle.

Bring the cast-on edge of the bracelet up to needle (*see photo 1*).

2) Insert the crochet hook into the sixth stitch from left and eighth row from the top of the cast-on end (*see photo 2*).

3) Slip furthest stitch on the right onto the crochet hook (*see photo 3*).

4) Pull the stitch through to the front and place onto the second dpn (*see photo 4*).

5) Continue to transfer the next 5 sts from the back needle to the front needle with the crochet hook. There are now 6 sts on each needle (*see photo 5*).

6) Slip the remaining 6 sts from the working needle onto the dpn with the transferred sts (*see photo 6*).

Photo 6

After Interlock is complete (photo 6), repeat Row 1 six times.
Bind off all sts in pattern and weave in ends.
